Primary Argument Signers Form			Verified
No more than five signatures shall appear with any argument. If more than five signatures are submitted, the first five listed shall be printed. Names and titles listed will be printed in the order that they are listed below. Place a checkmark in the author column if the signer is the author of the argument. A signer can only list one title. If the signers are part of a bona fide association, there is no requirement that they be eligible to vote on the measure. However, for each such signing individual, the title under the signer's name must list the name of that bona fide association and may include their position within that association. By signing below, the undersigned state that they have read the argument and believe it not to be false or misleading. Print information clearly.		Check if the signer is the author of the argument. Authors must be signers.	(FOR OFFICIAL USE ONLY) Staff check once the eligibility of the signer is verified.

Since 1996, voters in the Sequoia Union High School District have approved five bond measures totaling \$633,000,000. Now they are asking us to pay for another \$591,500,000 bond (>\$1.2 BILLION cumulatively). Enough is enough!

School bonds can only be used for facilities and equipment and NOT teachers or academic programs. Why is the district **prioritizing more building investment over teachers and students** when 48% of students are not meeting California state math standards? (source: eddata.org)

Furthermore, this bond measure is **an unfair**, **anti-housing tax**:

- Tenants would see **permanent rent increases** as landlords pass along higher taxes.
- Homeowners, including seniors and those on SSI, would be faced with higher taxes with **no possibility for exemption regardless of need**. Someone with a \$1.5 million assessed value home would pay \$210/year for this bond and \$360/year for the Redwood City School District (also part of this ballot). That's \$570/year, increasing 2% annually for decades. Countless thousands in extra taxes which are generally not deductible given 2017 tax law changes.
- Recent and prospective homebuyers are disproportionately burdened with an **unfair form of taxation** inherent with bond measures. Thanks to Prop 13, you may be paying twice (or even 20 times) as much as your next door neighbor to support the same bond.

School bonds are the <u>most expensive form of taxation</u>, costing far more than the amount raised. Interest payments (tax money from you) paid to investors is money the schools never see.

Working families are struggling to pay for gas and groceries and living in a period of high inflation and unprecedented uncertainty. This is not the time to be saddling us with this additional, **significant tax burden that would last for decades.**

Vote NO on Measure .
