Primary Argument Signers Form

No more than five signatures shall appear with any argument. If more than five signatures are submitted, the first five listed shall be printed. Names and titles listed will be printed in the order that they are listed below. Place a checkmark in the author column if the signer is the author of the argument. A signer can only list one title.

If the signers are part of a bona fide association, there is no requirement that they be eligible to vote on the measure. However, for each such signing individual, the title under the signer's name must list the name of that bona fide association and may include their position within that association.

By signing below, the undersigned state that they have read the argument and believe it not to be false or misleading.

Print information clearly.

Submit a second form (this side only) for alternate signers attached to this form and the argument.
In March 2020, you agreed — correctly — with La Honda-Pescadero Unified School District, that our children deserve better than these 2018–19 academic performance levels:

57.06% of students were below grade level in English.

68.82% were below in math.

Accordingly, you approved their requested $130/year parcel tax — for seven years — explicitly to “increase student achievement.”

Now, two years in, is LHPUSD delivering that “increased student achievement”? Unfortunately, we can’t tell!

Most school districts provided their 2020–21 figures to Education Data Partnership, but LHPUSD’s figures aren’t showing up.

We’re concerned. Had performance improved, surely LHPUSD would be publicizing it! We especially fear that pandemic policies hindering so many children may have exacerbated that likely deterioration.

Now, without a progress report, LHPUSD wants your permission to borrow $15 million — at up to 12%/year, for decades — to “provide the education that students deserve.”

They claim this loan is needed to create “a safe ... environment.”

We think students’ education and safety are so crucial they should be secured in the annual budget, not an emergency that treats taxpayers like ATMs and saddles generations with debt.

This time, vote NO, because:

- Enrollment has been declining steadily (down 11% since 2018–19). Time to plan classroom consolidation with retention of the very best teachers, saving taxpayer funds — not expensive “modernization.”
• LHPUSD spends $23,495/student annually, a whopping 151% of the statewide average. (How do the other districts manage?!)  

An experienced, capable school board should face facts when district enrollment shrinks. Their homework: tighten the budget accordingly (just as families do!) and strategize how to restructure.

Don’t reward failure with your and your neighbors' hard-earned money.

Demand sensible budgeting toward strong academics.

Vote NO on Measure R.

You can be for schools, for students, for teachers — and against Measure R.
