Argument in Favor of Measure __

Vote Yes on __ to ensure that Redwood City receives a fair share of tax revenue from local marijuana businesses operating within the City.  

Measure __ will not cost local homeowners or residents one penny.  

Measure __ does not authorize new marijuana dispensaries or businesses in our community. It simply allows our community to benefit from a fair and reasonable local tax structure on this quickly growing industry.  

California voters approved Proposition 64 in 2016, legalizing the sale and use of recreational marijuana and imposing state taxes on the production and sale of marijuana. However, all revenue from those taxes goes directly to the State, and nothing is distributed directly to the local level.  

Measure __ is the only way to give Redwood City residents local control over local funding from local cannabis businesses.  

Measure __ provides financial resources to regulate and oversee marijuana businesses without taking money away from existing programs. This regulatory oversight is important to ensure that marijuana businesses operate in a safe, legal manner and do not negatively impact our quality of life.  

All funds generated by Measure __ must stay here in Redwood City to support local programs and services. The State can’t take one penny.  

While the initial revenue generated by Measure __ will be modest, it sets up a fair and well-thought-out mechanism to secure local funding from a rapidly expanding industry on an annual basis. This funding can only support essential city services in Redwood City.  

Several other cities have adopted similar taxes to benefit from marijuana sales in their communities. That revenue has helped ensure that the necessary resources are available to combat potential negative consequences of marijuana legalization.  

Please join Redwood City’s leaders in voting Yes on __: the smart, common-sense choice to regulate the local cannabis industry and protect our quality of life.
