Rebuttal to the Argument Against Measure H

The lone author of the argument against Measure H routinely opposes local education funding measures regardless of need. This ideologue is not invested in our schools or our students' futures.

As local leaders, we are proud to be a part of a community that believes a high-quality education is essential for the success of our children. We make it a priority to know our schools and our community, and that is why we are voting Yes on H.

We cannot rely on the State to provide the funding we need to support student achievement. Our elementary and middle schools are among the lowest funded in San Mateo County. We can make a difference locally. Measure H provides a dedicated source of local revenue for our local schools that the State can't touch.

Citizens’ oversight ensures Measure H supports education, not administrators. Measure H requires audits and an independent Citizens’ Oversight Committee, just like previous measures. You can read Citizen Oversight Committee reports verifying funds have been spent wisely at: www.rcsdk8.net/Page/5563. No funds can be spent on administrators’ salaries.

Measure H protects core academic programs and helps retain teachers. Measure H will generate $3.4 million annually in locally-controlled funding to retain highly-qualified teachers, support core academics and reduce class sizes in kindergarten and first grade.

We are parents, business owners and education leaders, and we are taxpayers too.

The strength of our community reflects the strength of our schools.

Vote Yes on H to keep our schools and community strong.
