MENLO PARK FIRE PROTECTION DISTRICT – BALLOT MEASURE

ARGUMENT IN FAVOR OF MEASURE “---”

This measure is necessary to ensure the superior delivery of fire and emergency services that protect the people and property in Menlo Park, Atherton, East Palo Alto and unincorporated areas of the County. It will NOT increase taxes. By continuing the appropriations (Gann) limit at $40,000,000 as approved by Measure G on November 6, 2007 for four more years, the District will be able to fully use revenues that have already been approved.

An amendment to the State Constitution in 1979 imposes an appropriations limit on tax revenues of most government agencies including Fire Districts. The District’s original limit was based on the revenues during FY 1978. The limit is adjusted yearly for inflation, the adjustment formula does not account for increase and size of buildings or for increased demand for services, such as prevention, public education, Community Emergency Response Team (CERT) training, emergency and disaster preparedness and fire protection.

To continue the appropriations limit at $40,000,000 it’s necessary that District voters approve the limit for four more years. A “YES” vote will enable the District to spend tax revenues over the next four years on the delivery of fire and emergency services within the District. Because the Gann limit affects only operational expenditures and does not limit tax revenues, if the current Gann limit is not maintained then the District will be forced to eliminate a number of existing services including reducing the number of stations in operation.

THIS MEASURE WILL NOT RESULT IN ANY ADDITIONAL TAXES OR COSTS TO DISTRICT RESIDENTS.
