Argument in Favor of Measure H

Measure H ensures that College of San Mateo, Skyline College and Cañada College continue offering affordable, quality education to local students transferring to four-year colleges.

By renovating classrooms, laboratories and libraries, Measure H also helps our colleges provide training for working adults needing to upgrade their technical skills in this challenging economy.

Tuition at public universities has soared to nearly six times the cost of attending community college. Demand for classes is at an all time high. With the State Legislature cutting funding, thousands of local students have been turned away from classes they need.

In recent years, College of San Mateo, Skyline College and Cañada College lost hundreds of millions of dollars in state support. By law, Measure H funds must be spent only to improve our local colleges. Sacramento cannot take away these funds.

The College District's first phase of renovation and construction addressed the most urgent needs. However many labs and classrooms are over 40 years old and need updating.

Yes on Measure H will complete the job of modernizing College facilities including:

- Renovating science, engineering and computer labs and classrooms
- Upgrading training centers for 21st century jobs
- Updating nursing, health sciences, biotech and clean energy labs
- Improving earthquake, fire and accessibility safety
- Implementing energy efficiency projects to save taxpayers millions in utility bills

Moody's gave the District an Aaa bond rating—the highest rating that can be earned!

A Citizens' Oversight Committee will monitor expenditures and ensure that independent audits are conducted. Bond monies must be spent on capital improvements and classroom equipment; no funds may be spent on administrators' salaries. Measure H is fully tax deductible.

For under $6.50 per month for the average homeowner, we can provide modern classrooms and laboratories for generations of college students.
