Argument In Favor of Measure S

Vote YES on S to improve education in Coastside schools. Measure S will complete basic classroom repairs and equip all schools with updated learning technology and science labs to prepare students for college and careers.

Student test scores in our Cabrillo Unified School District have been increasing due to great teachers and strong academic programs. To continue improving academic achievement, our schools require repairs to leaking roofs and windows, old and inefficient heating and plumbing, and aging classrooms for a safe, healthy learning environment.

Many of our classrooms are not equipped with the learning technology students need to excel in our competitive, 21st-century economy. Measure S will ensure all students have access to updated technology.

Our schools face a $2 million deficit due to state cuts. Measure S will invest in energy efficiency and water conservation to save money—money that can be used to retain teachers and protect academic programs.

We cannot rely on the state to repair our schools or provide the quality education local students deserve. All Measure S funds will improve Coastside schools—the state can’t take one penny.

Vote YES on S:
- Replace or repair leaking roofs
- Keep schools clean, well-maintained and in good condition
- Perform essential safety repairs and maintenance
- Update classrooms and science labs
- Equip classrooms with 21st-century technology
- Improve fire and earthquake safety
- Maximize energy efficiency and water conservation to save money
- Replace aging, inefficient heating, cooling and plumbing systems

Measure S includes fiscal accountability measures.
- Includes citizen oversight and independent audits
- No funds can be used for administrators’ salaries, benefits or pensions
- All funds stay in local schools—the state can’t take a single penny
- Measure S qualifies our schools for future state matching funds

Please join community leaders, parents, retirees and teachers—vote YES to help Coastside students succeed.
