Rebuttal to the Argument Against Measure A

Unlike the author of the argument against Measure A, we believe that ensuring the successful futures of our local high school students is a top community priority.

This rigid ideologue—who doesn't live in our community—has filed an argument against every school measure on the ballot in every recent major election.

Our high schools educate nearly 10,000 students. Every one of them deserves an excellent public education as our community’s future leaders.

Currently, each one of our comprehensive high schools is at or near capacity. With a 20% projected student enrollment increase in the next several years, our schools need Measure A now.

Measure A will provide the additional classrooms, labs and educational facilities to continue providing a diverse, well-rounded and quality education to the students in our neighborhoods.

Science and 21st-century technological skills are essential for success in today's competitive economy. Measure A provides additional science labs and updated technology to prepare students for the modern workplace.

Measure A is targeted to our top priority: preparing all students for success in college and future careers.

• The state cannot take a single penny of Measure A funds
• Citizen oversight and annual audits ensure funds are spent wisely
• Not one single penny can be used for administrators' salaries, pensions or benefits

By making our local high schools a priority, our entire community benefits. Good schools improve neighborhood safety and strengthen property values.

We have our priorities straight: join us and vote Yes on A.
