Rebuttal to the Argument Against Measure H

Unlike the authors of the argument against Measure H, San Mateo County business, community and education leaders believe that ensuring local residents have access to affordable, top-quality higher education is a top priority. That's why we are voting Yes on H.

Our community colleges educate over 40,000 students per year. Approximately 50% of local high school graduates attend Cañada College, College of San Mateo or Skyline College. Measure H ensures our Colleges continue to offer excellent programs to the growing number of students who require affordable education to take the next step in their education and careers.

Measure H: meeting the demands of today's students and careers.
As California State University and University of California turn more students away due to state budget cuts, our community colleges are in demand. Our Colleges require additional science labs and career training facilities so that students are not turned away.

No other source of funding exists to repair and upgrade our Colleges.
We can't rely on the state to improve our local community colleges. Every penny of Measure H goes directly to Cañada College, College of San Mateo and Skyline College to improve classrooms, labs and job training facilities and cannot be taken by the state. Independent citizens' oversight and annual, third-party audits ensure funds support education, not administrators' salaries.

Our community supports Measure H because we value affordable, quality education to prepare local residents to excel in today's competitive economy. Join us and vote YES on H.
