Argument in Favor of Measure __

Measure __ presents Foster City with a simple choice:

- Vote Yes to improve the levee that protects us from flooding at an annual cost of approximately $272 for the average homeowner.

OR

- Vote No and Foster City will be placed in a flood zone, requiring mandatory flood insurance at a minimum annual cost of $2,000-$3,000, while our community is left at risk without flood protection.

When you study these 5 INDISPUTABLE FACTS, a YES vote is the obvious choice.

FACT #1: The Federal Emergency Management Agency (FEMA) has determined that Foster City’s levee does not meet minimum flood prevention and safety standards.

FACT #2: If Foster City does not take immediate steps to upgrade the levee, FEMA will designate Foster City a flood zone.

FACT #3: Flood zone designation will hurt our property values and require homes and businesses to pay thousands in flood insurance every year.

FACT #4: Ignoring FEMA and living in a flood zone is expensive and it puts the safety of our children, families and seniors at flood risk in an earthquake, disaster or emergency.

FACT #5: Measure __ is on the June ballot to allow Foster City to begin immediate levee improvements to keep us safe and avoid unnecessary insurance costs. Measure __ requires a 66.7% YES vote for levee work to begin.

Yes on __ makes sense from a safety and financial perspective because it will:

- Improve the levee to protect Foster City homes, schools, businesses and roads from flooding
- Protect essential city services during storms, like fire, paramedics, police, water, sewer and transportation infrastructure
- Avoid expensive flood insurance requirements for homeowners and businesses

A citizens’ oversight committee and annual audits will ensure levee improvements are completed as promised. Measure __ funds must stay local and cannot be taken away by the State.

Measure __ saves money and saves lives. Please vote YES.
