RESOLUTION NO. 12-2018

RESOLUTION OF THE GOVERNING BOARD OF PORTOLA VALLEY SCHOOL DISTRICT ORDERING AN ELECTION, AND ESTABLISHING SPECIFICATIONS OF THE ELECTION ORDER

WHEREAS, the Governing Board (the "Board") of the Portola Valley School District (the "District") is committed to maintaining the quality of education in local award-winning public schools by making basic repairs to each Ormonde and Corte Madera Schools to protect quality instruction in core subjects like math, science, reading, writing and technology instruction; and

WHEREAS, with many of our school facilities and classrooms 30-60 years old, and our desire that our students be prepared to succeed in a 21st Century economy, children need updated full-service schools which are accessible, clean and safe learning environments; and

WHEREAS, the Board believes that to achieve that goal the District must maintain and repair classrooms, facilities and equipment, as needed, so that all facilities and campuses meet current safety codes to keep students safe; and

WHEREAS, the State of California (the "State") does not provide the District with enough money for the District to adequately maintain its educational facilities and academic programs; and

WHEREAS, the Board has concluded that the District's only remedy to avoid undermining its educational programs is both to secure local funding that the State cannot take away and qualify for its fair share of State matching funds; and

WHEREAS, even if one did not have school-age children, updating local schools is a wise investment since good schools improve the quality of life in our community and protect the value of our homes; and

WHEREAS, the Board has received information regarding the possibility of a local bond measure and its impact on protecting student safety, improving schools and making basic repairs to aging facilities; and

WHEREAS, such a bond measure also can provide funds that cannot be taken away by the State; and

WHEREAS, such a measure must include mandatory taxpayer protections, including an independent citizens' oversight committee and mandatory audits to ensure funds are spent properly; and

WHEREAS, on November 7, 2000, the voters of California approved the Smaller Classes, Safer Schools and Financial Accountability Act ("Proposition 39") which reduced the voter threshold for ad valorem tax levies used to pay for debt service on bonded indebtedness to 55% of the votes cast on a school district general obligation bond; and

WHEREAS, concurrent with the passage of Proposition 39, Chapter 1.5, Part 10, Division 1, Title 1 (commencing with Section 15264) of the Education Code (the "Act") became operative and established requirements associated with the implementation of Proposition 39; and

DOCSSF/14479v8/200684-0003

WHEREAS, the Board hereby determines that, in accordance with Opinion No. 04-110 of the Attorney General of the State of California, the restrictions in Proposition 39 which prohibit any bond money from being wasted or used for inappropriate administrative salaries or other operating expenses of the District shall be monitored strictly by the District's Citizens' Oversight Committee; and

WHEREAS, pursuant to Education Code Section 15270, based upon a projection of assessed property valuation, the Board has determined that, if approved by voters, the tax rate levied to meet the debt service requirements of the bonds proposed to be issued will not exceed the Proposition 39 limits per year per $100,000 of assessed valuation of taxable property; and

WHEREAS, Elections Code Section 9400 et seq. requires that a tax rate statement be contained in all official materials relating to the election, including any ballot pamphlet prepared, sponsored, or distributed by the District; and

WHEREAS, the Board desires to authorize the filing of a tax rate statement and ballot argument in favor of the proposition to be submitted to the voters at the election;

WHEREAS, pursuant to the Elections Code, it is appropriate for the Board to request consolidation of the election with any and all other elections to be held on Tuesday, November 6, 2018, and to request the San Mateo County Registrar of Voters to perform certain election services for the District; and

estimate and may be affected by factors beyond the District’s control. Some projects throughout the District may be undertaken as joint use projects in cooperation with other local public or non-profit agencies. The final cost of each project will be determined as plans are finalized, construction bids are awarded and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Demolition of existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating enhanced and operationally efficient campuses. Necessary site preparation/restoration and landscaping, may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing, or installing irrigation, utility lines, trees and landscaping, redirecting fire access, and acquiring any necessary easements, licenses, or rights of way to the property.

Bond proceeds shall be expended only for the specific purposes identified herein. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff when performing work on or necessary and incidental to the bond projects. The District shall create an account into which proceeds of the bonds shall be deposited and comply with the reporting requirements of Government Code § 53410.

Fiscal Accountability: In accordance with Education Code Section 15272, the Governing Board will appoint a citizens’ oversight committee and conduct annual independent audits to assure that funds are spent only on district projects and for no other purpose. The expenditure of bond money on these projects is subject to stringent financial accountability requirements. By law, performance and financial audits will be performed annually, and all bond expenditures will be monitored by an independent citizens’ oversight committee to ensure that funds are spent as promised and specified. The citizens’ oversight committee must include, among others, representation of a bona fide taxpayers association, a business organization and a senior citizens organization. No district employees or vendors are allowed to serve on the citizens’ oversight committee. The District shall NOT sell any capital appreciation bonds.

No Administrator Salaries: Proceeds from the sale of the bonds authorized by this proposition shall be used only for the acquisition, construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and not for any other purpose, including teacher and school administrator salaries and other operating expenses. Bond funds shall not be temporarily transferred to the District’s general fund for administrative purposes.
Tax Rate Statement

An election will be held in the Portola Valley School District (the "District") on November 6, 2018 to authorize the sale of $49,500,000 in general obligation bonds. If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of tax levies made on the taxable property in the District. These estimates are based on projections derived from information obtained from official sources and other demonstrable factors. The actual tax rates and the years in which they will apply may vary depending on the timing of bond sales, the amount of bonds sold at each sale, and actual increases in assessed valuations. The following information is submitted in compliance with Sections 9400-9404 of the California Elections Code.

i. The best estimate of the average annual tax rate that would be required to fund this bond issue over the entire duration of bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is $0.03 per $100 ($30.00 per $100,000) of assessed valuation.

ii. The best estimate of the final fiscal year in which the tax required to fund this bond issue is anticipated to be collected is fiscal year 2046-47.

iii. The best estimate of the highest tax rate that would be required to fund this bond issue, based on estimated assessed valuations available at the time of filing this statement, is $0.03 per $100 ($30.00 per $100,000) of assessed valuation, which is projected to be the same in every fiscal year the bonds remain outstanding.

iv. The best estimate from official sources of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately $97.5 million.

Based upon the forgoing and projections of the District's assessed valuation, the timing of the bond sales and the amount of bonds sold at any given time will be determined by the needs of the District and other factors. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the assessment and the equalization process.

Voters should note that the estimated tax rates are based on the ASSESSED VALUE of taxable property in the District as shown on the County's official tax rolls, not on the property's market value. Property owners should consult their own property tax bills to determine their property's assessed value and any applicable tax exemptions.

The district’s proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.”
