MILLBRAE ELEMENTARY AND MIDDLE SCHOOLS
HEALTH AND SAFETY IMPROVEMENT BOND

This Proposition may be known and referred to as the "Millbrae Elementary and
Middle School Health and Safety Improvement Bond" or as "Measure ____". [designation to be
assigned by County Registrar of Voters]

FINDINGS

The schools in the Millbrae Elementary School District (the "District") were all
originally built before 1956 and are in need of extensive renovation and modernization.

Nearly all of the neighboring school districts in San Mateo County, including our
own district, have passed bonds over the past 12 years and completed needed renovations to their
aging schools.

The District has evaluated the scope and estimated cost of renovating and
modernizing each of its schools.

Neither the State of California nor the recent sale of surplus property by the District
will provide the District with the funds needed to significantly address the cost of renovating and
modernizing these schools.

A local bond, approved by the District's own voters, is the only practical means
available to continue the needed improvements and provide our valued students and teachers with
safe, healthy facilities in which to teach and learn.

BOND AUTHORIZATION

By approval of this proposition by at least 55% of the registered voters voting on the
proposition, the Millbrae Elementary School District shall be authorized to issue and sell bonds of
up to $30 million in aggregate principal amount to provide financing for the specific school facilities
projects listed in the Bond Project List below, subject to all of the accountability safeguards specified
below.

Proceeds from the sale of bonds authorized by this proposition shall be used only
for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the
furnishing and equipping of school facilities, or the acquisition or lease of real property for school
facilities, and not for any other purpose, including teacher and administrator salaries and other
school operating expenses. Proceeds of the bonds may be used to pay or reimburse the District for
the cost of District staff when performing work on or necessary and incidental to the bond projects.
ACCOUNTABILITY SAFEGUARDS

The provisions in this section are specifically included in this proposition in order that the Millbrae Elementary School District's voters and taxpayers may be assured that their money will be spent wisely to address specific facilities needs of the Millbrae Elementary School District, all in compliance with the requirements of Article XIII A, Section 1(b)(3) of the State Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following).

Evaluation of Needs. The Board of Trustees has prepared an updated facilities plan in order to evaluate and address all of the facilities needs of the Millbrae Elementary School District at each campus and facility, and to determine which projects to finance from a local bond at this time. The Board of Trustees hereby certifies that it has evaluated the health, safety, class size reduction and information technology needs of its students and teachers in developing the Bond Project List.

Independent Citizens' Oversight Committee. The Board of Trustees shall establish an independent Citizens' Oversight Committee (pursuant to Education Code Section 15278 and following), to ensure bond proceeds are spent only for the school facilities projects listed in the Bond Project List. The committee shall be established within 60 days of the date when the results of the election appear in the minutes of the Board of Trustees.

Annual Performance Audits. The Board of Trustees shall conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the school facilities projects listed in the Bond Project List.

Annual Financial Audits. The Board of Trustees shall conduct an annual, independent financial audit of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed in the Bond Project List.

Special Bond Proceeds Account: Annual Report to Board. Upon approval of this proposition and the sale of any bonds approved, the Board of Trustees shall take actions necessary pursuant to Government Code Section 53410 and following to establish an account in which proceeds of the sale of bonds will be deposited. As long as any proceeds of the bonds remain unexpended, the Superintendent of the District shall cause a report to be filed with the Board no later than December 31 of each year, commencing December 31, 2012, stating (1) the amount of bond proceeds received and expended in that year, and (2) the status of any project funded or to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the Superintendent shall determine, and may be incorporated into the annual budget, audit, or other appropriate routine report to the Board.

FURTHER SPECIFICATIONS

Specific Purposes. All of the purposes enumerated in this proposition shall be united and voted upon as one single proposition, pursuant to Education Code Section 15100, and shall constitute the specific purposes of the bonds, and proceeds of the bonds shall be spent only for such purposes, pursuant to Government Code Section 53410.
**Other Terms of the Bonds.** When sold, the bonds shall bear interest at an annual rate not exceeding the statutory maximum, payable at the time or times permitted by law. The bonds may be issued and sold in several series, and no bond shall be made to mature more than 40 years from the date borne by that bond.

**BOND PROJECT LIST**

The Bond Project List below describes the specific projects the Millbrae Elementary School District proposes to finance with proceeds of the bonds. Listed projects will be completed as needed at a particular school site according to Board-established priorities, and the order in which such projects appear on the Bond Project List is not an indication of priority for funding or completion. The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. Certain construction funds expected from non-bond sources, including State grant funds for eligible projects, have not yet been secured. Until all project costs and funding sources are known, the Board of Trustees cannot determine the amount of bond proceeds available to be spent on each project, nor guarantee that the bonds will provide sufficient funds to allow completion of all listed projects. Completion of some projects may be subject to further government approvals by State officials and boards, to local environmental review, and to input from the public. For these reasons, inclusion of a project on the Bond Project List is not a guarantee that the project will be funded or completed. The Board of Trustees may make changes to the Bond Project List in the future consistent with the projects specified in the proposition.

Unless otherwise noted, the following projects are authorized to be completed at each or any of the District’s school sites.

For any project involving renovation, modernization, remodeling or rehabilitation of a building or the major portion of a building, the District may proceed with new replacement construction instead (including any necessary demolition), if the Board of Trustees determines that replacement and new construction is more practical than rehabilitation and renovation, considering the building's age, condition, expected remaining life, comparative cost, and other relevant factors.

The Bond Project List shall be considered a part of this ballot proposition, and shall be reproduced in any official document required to contain the full statement of the bond proposition.

EXHIBIT C

to Resolution Ordering Election
[the following to be printed in voter information pamphlet]

TAX RATE STATEMENT

An election will be held in the Millbrae Elementary School District (the “District”) on November 8, 2011, to authorize the sale of up to $30 million in bonds of the District to finance school facilities as described in the proposition. If the bonds are approved, the District expects to sell the bonds in two series over time. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in the District. The information presented in numbered paragraphs 1-3 below is provided in compliance with Sections 9400-9404 of the Elections Code of the State of California.

1. The best estimate of the tax which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is 2.70 cents per $100 ($27.03 per $100,000) of assessed valuation in fiscal year 2012-13.

2. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is 2.64 cents per $100 ($26.39 per $100,000) of assessed valuation in fiscal year 2014-15.

3. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing of this statement, is 2.87 cents per $100 ($28.72 per $100,000) of assessed valuation in fiscal year 2013-14.

The District's best estimate of the average tax rate which would be required to be levied to fund this bond issue over all of the years the bonds will be outstanding is $25.26 per $100,000 of assessed valuation.

Voters should note that the estimated tax rates are based on the ASSESSED VALUE of taxable property in the District as shown on the County’s official tax rolls, not on the property’s market value. Property owners should consult their own property tax bills to determine their property’s assessed value and any applicable tax exemptions.

The foregoing information is based upon the District’s projections and estimates. Approval of the ballot measure authorizes the issuance of bonds under certain conditions, and is not approval of a specific tax rate. The actual tax rates and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount and repayment structure of bonds sold, market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount and repayment structure of bonds sold at any given time will be determined by the District based on its need for construction funds and other factors, including the legal limitations on bonds approved by a 55% vote. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

[End of Tax Rate Statement]
